

The Children's System of Care offers Out of Home Treatment that provides 24 hour supervised, all-inclusive, co-occurring clinical services in a community-based setting for adolescents ages 13-18 who present with challenges in social, emotional, behavioral, and/or psychiatric functioning; as well as co-occurring substance use treatment needs. These services provide a treatment framework that integrates behavioral health and substance use clinical services that can be accessed through the Care Management Organization (CMO) in your county.

## New Jersey Children's System of Care (CSOC)

CSOC within the NJ Department of Children and Families, serves children, adolescents, and young adults with emotional and behavioral health care challenges, developmental and intellectual disabilities, - substance use challenges and their families.

### Department of Children and Families

The NJ Department of Children and Families is the State's first comprehensive agency dedicated to ensuring the safety, well-being and success of children, youth, young adults, families and communities. Our vision is to ensure a better today and even a greater tomorrow for every individual we serve.

## New Jersey Children's System of Care

### *Adolescent and Young Adult Substance Use Treatment Services*

*CSOC is committed to providing services based on the needs of the child and family in a family centered, community-based environment.*

The Children's System of Care offers an array of substance use treatment services, including withdrawal management, outpatient, intensive outpatient, partial care, short-term residential and long-term residential. For questions about or to access substance use treatment services for youth and young adults, call the [PerformCare 24-hour, toll-free Access Line](#):

**1-877-652-7624**

### Accessing Services

A parent/legal guardian may contact PerformCare to access any CSOC contracted service. PerformCare's licensed clinicians' complete assessments over the phone, provide referrals and appropriate authorizations. If a youth/young adult meets clinical criteria for out of home co-occurring services, he/she will be opened to a Care Management Organization (CMO) from their county. The CMO Care Manager will help with paperwork, coordinate services and support families through the process.

Families may also access services directly through one of the CSOC contracted substance use treatment providers listed in this brochure. Providers complete an assessment and submit it to PerformCare. These services may also be accessed through a CMO, MRSS, DCPD and/or juvenile courts if any of these entities are involved with the youth.

Service consideration is based upon the American Society of Addiction Medicine (ASAM) criteria, also known as the ASAM patient placement criteria. These decisions are made by Licensed Clinical Alcohol and Drug Counselors (LCADCs) with appropriate specialized training.

The services are authorized WITHOUT regard to income, private health insurance, or eligibility for Medicaid/NJ
